

Experienced

Energy and Sustainability Engineer

Vision Systems - Placeholder company (temporary) - Portchester, United Kingdom

At Motherson, we’re committed to creating long-term jobs and advancing global careers. Featured on TIME’s World’s Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Vision Systems division enhances vehicle safety and visibility with high-quality mirrors and advanced camera systems, trusted by major automotive OEMs worldwide. Join us to collaborate with experts, work with cutting-edge technology, and help shape the future of safer, smarter mobility.

What you'll do

- Ensure compliance with environmental & energy regulations, policies, and guidelines (ISO 50001)
- Design and deliver sustainability awareness and engagement initiatives and events
- Accountable for accurate data collection, monitoring and reporting requirements as required
- Identify, recommend and implement improvements to reduce the organisation's environmental impact
- Collaborate with cross-functional teams, including engineers, contractors, and legal advisors, to ensure seamless project coordination and achievement of project objectives.
- Monitor environmental performance
- Provide advice to the workforce on sustainability best practice

What we are looking for

- A qualified engineer, you will have experience in environmental management and energy consumption reporting as well as have worked in the manufacturing industry.
- Knowledge of ISO 50001 with a solid understanding of UK environmental regulations, sustainability principles and property development practices.
- Experience in project management methodologies, including planning, budgeting, risk management and stakeholder engagement, with strong analytical skills with the ability to assess complex environmental and social impacts

What we offer

- A competitive salary and range of benefits.
- Be part of a worldwide team with very big challenges ahead, which bring huge development opportunities for people with big career goals.
- If you enjoy working in a fast-paced environment then look no further.
- We are an equal opportunity employer where inclusion matters; this is evidenced by us being a Disability Confident Committed Employer.
