

Quality Management

Experienced

Quality Technician

Full Time - Integrated Assemblies - Motherson Sequencing and Assembly Services (MSAS) - Chattanooga, USA

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Integrated Assemblies division leads in automotive innovation, specialising in premium module assembly and cockpit module integration. We collaborate with customers to deliver cutting-edge solutions supporting electrification. Join us to work with advanced technology and shape the future of automotive innovation.

What you'll do

- Conducting visual inspections of parts, components, and finished products to identify any defects, non-conformities, or deviations from specifications.
- Performing functional tests, durability tests, and other specialized tests to evaluate product performance and reliability.
- Documenting inspection results, test data, and findings in written reports, inspection logs, or electronic databases.
- Communicating quality issues, deviations, and corrective actions to relevant stakeholders, including production personnel, supervisors, and quality engineers.
- Participating in continuous improvement initiatives and quality improvement projects to enhance product quality, reduce defects, and increase efficiency.
- Providing training and guidance to production operators and other personnel on quality standards, inspection procedures, and best practices.

What we are looking for

- Post-Secondary education preferred ; High School Diploma required.
- Previous experience in manufacturing or assembly facility.
- Strong attention to detail.
- Familiarity with statistical process control techniques.
- Adherence to safety protocols and regulations.
- Proficient in English.
- Shift schedules (subject to change): 1st Shift - 6:00am-2:30pm, 2nd Shift - 3:30pm-12:30am.

What we offer

- A pleasant working atmosphere, with good career opportunities.
- Build knowledge with varied and exciting assignments.
- We show our commitment to our people via the following values:

Interest for each other: We act with empathy and care about each other and our counterparts.

Togetherness: We work together collaboratively and selflessly.

Trust: We say what we mean, keep our promises, and treat others with respect.

Respect: We respect and value people of all backgrounds.

Enthusiasm: We are curious, ambitious, passionate, humble, and life-long learners.
