Full Time - Integrated Assemblies - Motherson Sequencing and Assembly Services (MSAS) - Gölcük, Turkey

At Motherson, we're committed to creating long-term jobs and advancing global careers. Featured on TIME's World's Best Companies list, we are a diversified global design, engineering, manufacturing, assembly and logistics specialist, delivering full-system solutions to customers across industries. With a focus on innovation, quality and sustainability, we strive to be a trusted industrialisation partner and an employer that nurtures a diverse, inclusive workplace.

Our Integrated Assemblies division leads in automotive innovation, specialising in premium module assembly and cockpit module integration. We collaborate with customers to deliver cutting-edge solutions supporting electrification. Join us to work with advanced technology and shape the future of automotive innovation.

What you'll do

- Ensure compliance with occupational EHS regulations, and company standards.
- Coordinate risk assessments, hazard identification, workplace safety improvements.
- Develop emergency response plans, drills, and employee preparedness programs.
- Deliver safety training and promote awareness.
- Conduct job safety analyses and establish safe work practices.
- Investigate incidents, accidents, and near misses; identify root causes and implement corrective actions.
- Perform EHS audits, inspections, and compliance reviews, providing reports and recommendations.
- Support environmental programs, hazardous waste management, and emergency procedures.
- Assist with ISO 14001 and ISO 45001 MS, certifications, and safety committees.
- Drive a positive safety culture by addressing employee concerns, communicating safety performance, and supporting site leadership in implementing global EHS and operational standards.

What we are looking for

- Bachelor's degree in Environmental Engineering
- Minimum of 5 years of experience in relevant areas.
- Good level of English
- Legally required Health, Safety and Environment Certification (B or A class)
- In depth knowledge of legislation and business processes in environmental health and safety systems, ecology and environmental protection, industrial safety
- Solution and result oriented, strong communication skills, dynamic, prone to teamwork
- No military obligation for male candidates

What we offer

- A positive and collaborative working atmosphere, fostering personal growth and team spirit.
- Strong career development opportunities in a dynamic and supportive environment.
- A chance to build expertise through exciting, diverse, and challenging assignments.
- A people-first culture rooted in our core values: Mutual Interest, Togetherness, Trust, Respect, and Enthusiasm.
